

Neuroscience Program

2016-2017 Seminar Schedule

Day/Date	Speaker/Affiliation	Seminar title	Time/Location
Friday Sept. 9, 2016	2016 Annual Retreat Brain Tumor Ctr of Excellence Mark R. Gilbert MD Chief and Senior Investigator Neuro-Oncology Branch National Cancer Institute Dellann Elliott Mydland Founder and President EndBrainCancer Initiative	Molecular Medicine in the Modern Era of Brain Tumor Treatment Fueling Brain Cancer Research through Patient Advocacy: EndBrainCancer Initiative's Direct Connect Personalized	All day event 7:30 a.m. to 4:15 p.m. Comprehensive Cancer Center 10 th floor, Conference room 10B/10C
Tuesday Sept. 13, 2016	Stephen Kolb, MD, Ph.D. Associate Professor, Neurology Ohio State University Neuromuscular Disorder Center	Spinal Muscular Atrophy and the Journey from Bedside to Bedside Neurology Grand Rounds	12:00-1:00 p.m. Hubbard Conference room, G floor Sticht Center
Tuesday Sept. 13, 2016	Nichola Lautenschlager, MD Professor Academic Psychiatry University of Melbourne	Physical Activity and Dementia	12:30 – 2:00 p.m. E floor Hanes Bldg. Room E24
Wednesday Sept. 21, 2016	Richard De La Garza, Ph.D. Professor – Psychiatry Baylor College of Medicine	Addressing the complexities of Polysubstance use: Preliminary efforts for cocaine +/- nicotine (tobacco)	4:00 – 5:00 p.m. PTCRC Auditorium
Thursday Sept 22, 2016	Timothy Hughes, Ph.D. MPH Assistant Professor Gerontology/Geriatric Medicine Wake Forest School of Medicine	Aortic Stiffness Impacts Multiple Dementia Pathologies	11:00 a.m. to Noon 1 st floor, Hanes Bldg. room 1064
Wednesday Sept. 28, 2016	Blythe Winchester, MD Geriatric Medicine Cherokee Indian Hospital	Cultural Awareness in Dementia Care – Alzheimer's Disease in the American Indian Population	12:30-1:30 p.m. Hubbard Conference room, G floor Sticht Center
Tuesday Oct. 11, 2016	Department of Psychiatry and Behavioral Medicine 1 st Annual Research Symposium <i>Buffet dinner will be served after poster session RSVP required</i>	Improving Behavioral Health Care Across the Lifespan	Wake Forest Biotech Place Auditorium, room 151 575 N Patterson Ave. Winston-Salem, 27101

Neuroscience Program

2016-2017 Seminar Schedule

Day/Date	Speaker/Affiliation	Seminar title	Time/Location
Wednesday Oct 12, 2016	Catherine Marcinkiewicz, PhD Postdoctoral Fellow Pharmacology UNC, Chapel Hill	Dissecting aversive serotonergic circuits in the extended amygdala	4:00 – 5:00 p.m. PTCRC Auditorium
Wednesday Oct. 12, 2016	Hooman Kamel, MD Weill Cornell Medical Stroke, Critical Care, and Neurohospitalist Program	Atrial Cardiopathy and Criptogenic Stroke	12:30 – 1:30 p.m. Hubbard Conference room, G floor Sticht Center
Thursday Oct. 13, 2016	Joost Maier, Ph.D. Assistant Professor Neurobiology and Anatomy	The Multisensory Nature of Perception	11:00 a.m. to noon 1 st floor, Hanes Bldg. Room 1064
Thursday Oct. 20, 2016	Kenneth Kishida, Ph.D. Assistant Professor, Phys/Pharm Wake Forest School of Medicine	Control signals in the human brain: Sub-second measurements of dopamine and serotonin release during decision-making in humans	11:00 a.m. to Noon 1 st floor, Hanes Bldg. room 1064
Tuesday Oct. 25, 2016	Chad Heatwole, MD Associate Professor, Neurology University of Rochester Medical Center	Myotonic Dystrophy: Lowering the Bar for Therapeutic Development in One of the World's Most Clinically Diverse Diseases - Neurology Grand Rounds	12:00-1:00 p.m. Hubbard Conference room, G floor Sticht Center
Tuesday, Oct. 25, 2016	Professor Robert Butera School of Electrical and Computer Engineering at Georgia Tech and the Wallace H Coulter Dept of Bio0medical Engineering at Georgia Tech and Emory University	Kilohertz stimulation for blocking nerve conduction and application to bioelectric medicine	4:00 p.m. Wake Forest, Reynolda Campus Manchester Hall, room 241
Friday Oct. 28,2016	Vascular Contributions to Alzheimer's Disease & Brain Aging: Neuroimaging Approaches Geert Jan Biessels, MD, Utrecht University, Netherlands Sterling Johnson, PhD, University of Wisconsin, USA Daniel Nation, PhD, University of Southern California, USA Registration is free with online registration at https://www.wakeadc.org/public/dspSymposium.cfm		Kimpton Cardinal Hotel, Lexington Ballroom, 51 E Fourth St. Winston-Salem

Neuroscience Program

2016-2017 Seminar Schedule

Day/Date	Speaker/Affiliation	Seminar title	Time/Location
Wednesday Nov. 2, 2016	Mark Wolfson, Ph.D. Professor – Social Sciences & Health Policy Wake Forest School of Medicine	A Randomized Trial of Community Driven Strategies to Prevent Underage Drinking Parties: Design, Implementation and Preliminary Results	4:00 – 5:00 p.m. PTCRC Auditorium
Thursday Nov. 3, 2016	Evgeny Budygin Ph.D. Associate Professor Neurobiology and Anatomy Wake Forest School of Medicine	Exploring dopamine changes in animal models of addiction: from correlates to the causality	11:00 a.m. to Noon 1 st floor, Hanes Bldg. room 1064
Thursday Nov. 24, 2016	Thanksgiving		11:00 a.m. to Noon 1 st floor, Hanes Bldg. room 1064
Thursday Dec. 1, 2016	WFSM Student Run Neuroscience Research Day Speaker Dr. Erich Jarvis Duke University -		Biotech Place atrium (8-2) and Biotech Place auditorium (1-3)
Wednesday Dec. 14, 2016	Gagan Deep, Ph.D. Associate Professor Wake Forest School of Medicine	TBD	12:30 – 1:30 p.m. Hubbard Conference room, G floor
Thursday Jan. 26, 2017	Yale Cohen Ph.D. Professor University of Pennsylvania School of Medicine Otorhinolaryngology	Mechanisms underlying auditory perception and decision-making	11:00 a.m. to Noon 1 st floor, Hanes Bldg. room 1064
Wednesday Feb. 1, 2017	Danny Winder, Ph.D. Professor, Molecular Physiology and Biophysics Vanderbilt University School of Medicine		4:00 – 5:00 p.m. PTCRC Auditorium
Wednesday Feb. 15, 2017	Christian Waugh, PhD Associate Professor Department of Psychology Wake Forest University		4:00 – 5:00 p.m. PTCRC Auditorium
Wednesday, March 1, 2017	Margaret Gnegy, Ph.D. Professor, Molecular and Cellular Neuroscience University of Michigan Medical School		4:00 – 5:00 p.m. PTCRC Auditorium

Neuroscience Program

2016-2017 Seminar Schedule

Day/Date	Speaker/Affiliation	Seminar title	Time/Location
Tuesday March 21, 2017	Steven Korn Ph.D. Director, Office of Training, Career Development and Workforce Diversity NIH/NINDS		
Thursday March 30, 2017	Anthony La Mantia, PhD Professor, Pharmacology/Physiology George Washington University School of Medicine		11:00 a.m. to Noon 1 st floor, Hanes Bldg. room 1064
Wednesday April 5, 2017	Ryan Drenan, m Ph.D. Associate Professor, Pharmacology Northwestern University		4:00 – 5:00 p.m. PTCRC Auditorium
Wednesday May 3, 2017	Mingxia Liu, Ph.D. Instructor, Internal Medicine Wake Forest School of Medicine		4:00 – 5:00 p.m. PTCRC Auditorium
Wednesday June 7, 2017	Margaret Rukstalis, MD Associate Professor Department of Psychiatry & Behavioral Medicine Wake Forest School of Medicine		4:00 – 5:00 p.m. PTCRC Auditorium
